

INTENSIVE WEEK / August 19th - 23rd

Our intensive week is designed for the most dedicated dancers. They will work alongside our professional staff to achieve personal growth in flexibility, strength, and technique in ballet, jazz, contemporary, tap, hip-hop and more. We focus on expanding their dance vocabulary by using technique alongside performance, style, and movement quality in genre specific dance combinations. This helps prepare them for conventions, master classes, performing and auditions. With 6 hours of instruction each day and with the students bringing their passion and effort each day, your dancer will experience noticeable growth and progress. All in the setting of a positive, fun and supportive classroom.

NEW THIS YEAR: We will be selecting one dancer that stands out to us as dedicated, motivated and passionate! The main qualities that we look for in our Premier Dancers!

This dancer will receive a \$250.00 PREMIER DANCE scholarship to be used towards our fall season
